

Introduction to Curating in German Idealism, Cultural Centers:  
By Shomit Sirohi

Introduce a form of broad abstract speaking, like Wolfgang Schirmacher's style. Then develop all units in that style. It is a way of producing the dialectic of the abstract and concrete in German Idealism, which then becomes a happiness for all in philosophy.

Introducing the Philosophers	Directing the Philosophers based on curating and event managing (select one method)	Speech style with guidance from parents and family of philosophers, students and professors, introducing humanism and hospitality	Pristine things (like preparing a class and university system which then is functionalist but also formalist)
Following the Students	Student to meet philosophers	Hospitality as a way of philosophizing, even philosophy of the curator (did he get my message?)	Formalist and functionalist options.
Boarding and Lodging in Zurich and such places, including hotel life which is followed as well-being	Culture (say following Hogwarts in J.K. Rowling's Harry Potter, a Jewish mysticism) of living and living life well.	Cultural Event (planned with a professional and having ice tea for the preparation)	Functionalism.
